Profile

I am an Information Systems Engineer with experience in software development and data science. I work with technologies such as React, Angular, SQL/NoSQL, and Python for web development and data analysis. I am known for my ability to learn quickly, solve problems, and adapt to different technological environments. I aim to deliver efficient solutions while continuing to grow professionally.

Education

Bachelor of Engineering in Training Systems

University of La Cuenca del Plata, Corrientes Capital
2020 - 2024

Automotive Administration

DNRPA, Corrientes Capital
2019 - 2020
